ATHLETIC ENTERTAINMENT. To Be Given for the Benefit of the Hospital Elevator Fund.

Great Falls, June 11.—On Monday evening, June 21, the Great Falls Athletic club will give an entertainment in the opera house for the benefit of the elevator fund of Columbus hospital. For the past year by various methods the sisters of the hospital have been endeavoring to raise funds to build an elevator in the institution to be used for conveying patients from one floor to another. They still lack a small sum to complete the amount necessary for the work of improvement. Included in the programme is the charming novel feature of 15 little girls in dumb-bell exercises. Those who will participate in this number are: Misses Kate Stenliker, Joy Pitcher, Minnie Hodges, Rose Miller, Ella Coplin, Josephine O'Reilly, Rose O'Reilly, Calletta Cullem, Mamie Betkin, Ethelyn Porter, Frankie McDonald, Vera Shaw, Grace Wilt, Edna Kenkel, Ida Heston.

The balance of the programme will consist of orchestra music by the Black Eagle band, quartette from the members of the athletic club, series dumb-bell exercises, fencing, chess, singing, four bowls of sparring, pug punching, wrestling contests and acrobatic tumbling. All participants are rehearsing daily and the entertainment promises to be one of the best of its kind ever given in Great Falls.

NEWS OF VIRGINIA CITY

A Cold Wave Strikes the Town and Wind Does Likewise.

ACCIDENT AT THE EATON

Foreman Pankey of the Mine Has a Narrow Escape—Mrs. Bartlett's Funeral—Advices From All Parts of the Country.

Special Correspondence of the Standard.

Virginia City, June 11.—A cold wave struck this city Wednesday afternoon, and by evening quite a high wind was blowing, which undoubtedly was the means of preventing a much more severe frost than we had. As it was, ice was found on many outside tubs and vessels of water. Just what damage was done to garden stuff we have been unable to learn. Whether or not the cold wave was general throughout this section has not been learned, but it is very probable that the valley received little, if any, frost at all, as the altitude of Virginia City is much higher than either the Madison or Ruby valley.

J. H. Pankey, foreman of the Eaton mine, escaped very narrowly from a fatal accident Wednesday afternoon while at work in the mine. Mr. Pankey was making a new tunnel, and in the work of his men, and coming to a manway, where he wished to ascend, he, as usual, before starting up the ladder, hallowed out the manway to some men who were at work above taking out ore, but it seems Mr. Pankey could not make them hear him, so he mounted the ladder, and going up to the height of one set of timbers, hallowed again to them and was looking up the manway, awaiting an answer, when suddenly a rock fell from the height of 35 feet, striking Mr. Pankey on the head, just above the forehead, inflicting an ugly wound of two inches in length and cut to the bone. For some unaccountable reason, although it rendered Mr. Pankey insensible for a time, he did not lose his hold from the ladder, otherwise he would have lost his footing and fell he would not have received some severe injury. When he recovered consciousness, Mr. Pankey descended the ladder and came out of the mine and at once came to the city, where his wound was dressed. Besides from a sore head for a time nothing serious will result from the accident. Had the rock been of any size Mr. Pankey says that it certainly must have killed him, falling from that distance and striking him where it did. It is thought by Mr. Pankey that the rock was left, or carelessly uncovered, by the men at work at this point. Whether or not that was the cause of the rock falling Mr. Pankey has not yet ascertained.

It was stated by the Standard of a few days previous that a committee of citizens of this city were going to take the matter in their own hands and rid the city of the influx of hoboes which suddenly arrived here last week. The committee did not result in idle talk, as on Sunday morning the city was filled from one end to the other with the following peculiarly printed poster: "3-7-77, attention. There will be a meeting at the usual hour, at the club house, on Sunday morning, at 10 o'clock. The subject of the meeting is the influx of hoboes which has recently arrived in this city. The committee desires to hear from all citizens who are interested in this subject. Signed X 2 X 4, chairman. X 3 X 3, secretary."

Although no one seems to know what this poster alludes to, the few hoboes did not wait to find out, as the reputation of vigilante days is still fresh in their memory, they deemed it better to bid farewell to the social city and look for greener fields.

The funeral of the late Mrs. E. H. Bartlett, the unfortunate lady who was accidentally drowned in this city last Sunday morning, took place Tuesday afternoon at 2 o'clock. Services were held in the Episcopal church with Rev. J. J. Boyce officiating. The casket was covered by a mass of beautiful flowers, the remembrances of the deceased's many friends. The remains were followed to the cemetery by an extremely large procession of friends. We send our sympathies to the bereaved family and to the relatives who were present at the funeral.

The little child of Harry Thompson of Wigwam met with a painful accident Tuesday afternoon. The little one was sitting on one end of a teetering board, and in some way lost her hold and fell to the ground, striking her head and breaking it below the elbow, but fortunately it is not a severe break and the little child will recover in due time.

Another party of fishermen, consisting of W. H. Millard, Mr. Rockwell of Omaha, George Henderson and W. W. Cheely and Charles Buford took a day's outing Tuesday and spent the day on Blaine Spring creek. The participants reported a good time as well as a fair catch of fish.

An unusual occurrence for the residents of this city is to see a Fourth of July pass without a grand celebration, but the outlook at the present time seems to indicate that for the first time in 10 or 12 years Virginia is going to let go her hold on the hard earned name of being the only city in the state who really and fully understood the secret of celebrating the Fourth of July in just the proper style.

It seems too bad that the citizens, especially the business men, should stand by and overlook as good a thing as a Fourth of July celebration. The passing of this day takes from our mind, directly and indirectly, thousands of dollars which, by the expenditure or contribution of a few dollars a piece by the citizens, could as has been done heretofore, be converted into money. Now, when too late, our mistake will be seen.

The report has reached this city of the serious illness of Eugene Baker of Twin Bridges, son of Mr. and Mrs. Thomas Baker of this place, but who formerly, and till a few years ago, were residents of this city. The complaint is said to be consumption and an extremely bad case. Eugene is well known by every one in this city and all will be sorry to learn of his illness.

Bert Ford of Warm Spring creek, who is one of the company that is interested quite extensively in placer mines at that place, has been spending a few days in the city this week awaiting the arrival of another member of the company, Mr. Purcell, of Washington Court House, Ohio. Mr. Purcell arrived on the coach Wednesday evening and Thursday morning both Mr. Ford and Mr. Purcell left for the diggings. How long Mr. Purcell will remain we were unable to learn. In speaking of the mines Mr. Ford said that they were more than satisfied with the prospect; that they were continually getting richer and that they would, in a very short time, be able to state positively what there was in the ground. This property is tributary to the Gravity range and should it turn out well no doubt it will demonstrate the fact that money in unlimited amounts lies covered in this immense range, only awaiting the investment of capital in getting water in sufficient quantities upon it when the extraction of gold from this mountain of wealth will be begun.

Matt Alderson, the Red Bluffs busy mining man, spent a few days in the city this week.

Hon. Alex Metzger of York ranch made a flying trip to the city Thursday.

William Hope of Puller Springs was in the city Thursday.

R. J. W. of Butte, Mr. and Mrs. George Held of Great Falls, who were in attendance at the funeral of Mrs. E. H. Bartlett Tuesday, left Wednesday for their homes.

William Thomas is still confined to his bed.

E. F. Johnson seems to be slightly better, although he is not yet able to attend to business.

At the last meeting of the city council a new ordinance was passed, it being an amendment to section 2 of article 2 of chapter 10, amending it so as to read that within the city limits, designated as follows: "Within the limits bounded on the east by Spencer street, on the west by western boundary line of the city, on the north by Jefferson street and on the south by Harrison street, that all chimneys shall be constructed of either brick or stone, and be at least three feet in height from where the chimney leaves the roof and not higher than six feet; all chimneys not so constructed must be changed within 30 days from the passage of this ordinance."

The city has at last had a sidewalk laid in front of the Auditorium. It certainly is a much-needed improvement.

During the session of the county commissioners the contract for the erection of the much-talked-of Ennis bridge was let to the King Bridge company of Minneapolis for \$300,000, being the lowest bid submitted. The bridge is to be finished by Sept. 1, 1897.

The following score was made by the members of the Virginia City rifle team on June 6 at their regular weekly meeting. Standard target was used, distance 300 yards, offhand:

J. Summers 83 265 54 47 3-48
W. A. Buttermore 95 265 63 58 4-47
M. Maitland 14 47 6 10 9 8 6 3-41
